

# Typical surface map analysis parameters

## May vary

<i>Type of parameter</i>	<i>Isoleth interval</i>	<i>Color and type of line or shading</i>
Isobars	Sectional: 1 or 2 mb National: 4 mb	Black Label as 92, 96, 00, 4, 8, etc.
High and Low centers		Blue for High Red for Low
Precipitation		Rain: Light green shading Frozen precipitation or snow: light blue shading Thunderstorms: red shading
Isotherms	2 or 4°F	Dashed red
Dewpoint (isodrosotherms)	2 or 4°F	Dashed green
Pressure tendency (Isallobars)	1 mb	Dashed blue
Fog		Light yellow shading
